THE

BISHOP'S

SERVICE

BOOK

PART II

1994/1997/2002/2005
USDAOC, ed.

This service book is the second of two volumes, which, with all of its imperfections, is offered for the present time perhaps as a convenient reference, and perhaps as a useful tool to a bishop.

In this Part II, we offer the orders and prayers of services beyond the Divine Liturgy, which are commonly used : ordinations, blessings, consecrations. We once again ask the forgiveness of anyone who may use this book for its shortcomings. Yet again, may the Lord raise up those who may offer a greatly improved and practical text in the future.

Further, in the time of celebrating two hundred years of Orthodox mission in North America, and one hundred years of continuous Orthodox worship in Canada, we offer this work to Almighty God in thanksgiving for the health, life, leadership and witness of our Metropolitan THEODSIUS, chief-shepherd of the Orthodox Church in America, and his successor, Metropolitan HERMAN. May God grant him many years, and the salvation of his soul.
